Building Bridges for Breastfeeding Duration

The Birth Center at Mercy Health Partners is hosting a special four-hour training featuring nationally-known lactation consultants who will help you:

• Learn to implement best practice for breastfeeding support
• Gain current breastfeeding research knowledge
• Learn about local support resources to help families in our community!

Tuesday, June 4, 2013 with two (repeated) sessions:
8 a.m.– noon or 1– 5 p.m.

Mercy Health Partners, Hackley Campus
Youngberg Auditorium

Building Bridges is an educational opportunity appropriate for nurses, APNs, physicians, PA-Cs, dietitians, nutrition/lactation educators, students, social workers, and others supporting “expecting” families and families with young infants. Continuing education credits for IBCLCs, nurses, physicians, registered dietitians, and social workers are pending — more details to follow.

This training is supported by Great Start Collaborative.
Program partners include:

Muskegon County Breastfeeding Coalition
Muskegon Community Health Project
La Leche League of the Muskegon Area
1 in 21 Healthy Muskegon County
The Birth Center at Mercy Health Partners
Michigan State University Extension

For more information, contact Gwen Williams at:
231.724.1264 or WilliamsGw@co.muskegon.mi.us
