Current courses/grade levels taught: _____

TEACHING BACKGROUND AND PHILOSOPHY OF YOUR TEAM

If you do not have a team at this moment, answer each question from you individual perspective.

Describe your team's experience or interest related to teaching and learning about watersheds and water resources.

Describe your team's experience or interest related to Place-Based Education, Academic Service Learning, or community-based projects.

Do you anticipate that your team will participate together in all components of the professional development program described in the West Michigan GLSI Flyer?

If you answer "no", describe the ability of you or your team to participate in each component.

Identify two or three of your team's academic goals you believe West Michigan GLSI will help you accomplish.

Identify two or three of your team's stewardship goals you believe West Michigan GLSI will help you accomplish.

LETTER OF SUPPORT Please attach a letter of support from your building principal, stating that she or he supports your participation in West Michigan GLSI during the 2009-2010 school year.
