

WEST MICHIGAN GLSI

DEVELOPING PLACE-BASED UNITS OF STUDY

Backward designed units with target matched assessments lead to more focused instruction, greater student engagement in the learning process, and higher achievement on classroom assessments.

Join us for this three-day unit writing experience focused on creating units around place-based themes and community service projects aligned with the GLCE/HSCE for your teaching assignment. Work collaboratively with colleagues to create backward designed units around important big ideas, provocative essential questions, and clear student learning targets. Learn how to use the “target-match” process to identify the most appropriate assessment methods for the type of learning involved with your student learning targets.

Attend with your WMGLSI team if possible, and plan to bring a laptop computer and resources for the unit you wish to design.

Date:	August 14– 16, 2012
Time:	Tuesday: 8:30 AM - 3:30 PM Wednesday: 8:30 AM - 3:30 PM Thursday: 8:30 AM - 3:30 PM
Audience:	Grades 3-12 Teachers from <i>All Subject Areas</i> Open to Current and Past WMGLSI Participants
Location:	MAISD Regional Mathematics & Science Center - Room 8 1001 Wesley Ave. Muskegon, MI
Cost:	FREE - Lunch Provided
Credit:	One Graduate Credit or SB-CEU equivalent, pending approval
Presenter:	Dave Krebs, MAISD Regional Mathematics & Science Center
