

## Health Science Academy temporarily moves to virtual learning

September 29, 2021

Dear Career Tech Center (CTC) Parents/Guardians,

Out of an abundance of caution for Covid-19, the Health Science Academy program will move to virtual learning today through October 8, 2021. In-person learning for this program will resume on Monday, October 11, 2021. After conducting contact tracing we feel confident that the transmission is isolated to the Health Science Academy program.

I am proud to say all staff and students have been following our safety protocols and the mitigation strategies outlined in our Return to School Plan. Because all students and staff have been wearing masks and social distancing whenever possible, we do not need to move our entire center to virtual learning.

As always, we care about the health and safety of our students, families, and staff. Please help limit the spread of COVID-19 by checking your teen each morning for symptoms. Public Health has also provided these reminders:

- Wear a mask (covering mouth and nose) while in public places or if people visit your home
- Limit social gatherings and practice social distancing (maintaining a distance of 6-feet apart)
- Wash your hands frequently, cover coughs and sneezes, and stay home if you are sick
- [Get tested](#) if needed

By working together, we can maintain a safe place to learn while also providing quality education.

If you have any questions, call the Career Tech Center at 231-767-3600 or call Public Health-Muskegon County at 231-724-1203. For answers to your COVID-19 questions, please call the Michigan Department of Health and Human Services COVID-19 Hotline at 888-535-6136 or visit [Michigan.gov/coronavirus](https://Michigan.gov/coronavirus).

Sincerely,

Kyle Fiebig  
CTC Principal
