

The **BEST PART** was being able to do **HANDS-ON** electrical work.

—James, Electrical/Computer Tech. student

ELECTRICAL/COMPUTER TECHNOLOGIES STUDENTS...

- Practice real-world applications of electricity and electronics including residential wiring, security installation, and audio/visual distribution
- Use state-of-the-art test equipment to monitor the behavior of electrical devices and circuits, develop troubleshooting skills, and gain an understanding of electronics
- Train in the following areas:
 - PC Maintenance
 - Robotics & Automation
 - Residential Wiring
 - Alternative Energies

ACADEMIC CREDIT

- Fourth-Year Math
- Third Science
- Visual/Performing Arts

RELATED CAREERS INCLUDE...

- Electrician
- Telecommunications Technician
- Home Security/Entertainment Installation
- Computer & Electronics Repair Technician
- Robotics Technician
- Electrical Engineering

COLLEGE CREDIT

- Articulated College Credit
- Direct College Credit
